

Tim Flannery.... "In terms of our climate situation Holistic Management is one of the key tools we have at our disposal."

Holistic Management Training 2010

Inverell, NSW

Presented by Judi Earl

Holistic Principles & Practice	28 & 29 Sept
Holistic Grazing Planning	19 - 21 Oct
Holistic Land & Financial Planning	1 & 2 Dec

Holistic Management offers land managers a comprehensive framework for making all the decisions that impact on soil health, landscape function and productivity with a practical approach that encompasses the whole process of managing your business. At least 50% of this program is delivered on farm where you get to see the results first hand and hear from people who have made the change to more effective management and improving land health.

Cost of the Program \$2,750 per person

Discounts available for members of the same family or management team and repeat participants.

FarmReady Approved

Registrations close 20 September

What to do next...

- Seek approval from FarmReady for grant eligibility - visit www.farmready.gov.au
- Submit a course registration form with a \$500 deposit to reserve your place
